### Q2 2024 Revenues of \$198 Million (+20% YoY)

CHICAGO, Aug. 06, 2024 (GLOBE NEWSWIRE) -- Vivid Seats Inc. (NASDAQ: SEAT) ("Vivid Seats" or "we"), a leading marketplace that utilizes its technology platform to connect millions of buyers with thousands of ticket sellers across hundreds of thousands of events each year, today provided financial results for the second quarter ended June 30, 2024.

"In the second quarter we executed with discipline, delivering great results while opportunistically leveraging our unique assets and capabilities," said Stan Chia, Vivid Seats CEO. "20% year-over-year revenue growth and 42% year-over-year Adjusted EBITDA growth are a testament to the differentiated platform we have built. With our mix of buyer repeat orders continuing to trend higher in 2024, we continue to foster loyalty on both sides of our ecosystem and drive continued profitable growth."

### Second Quarter 2024 Key Operational and Financial Metrics

- Marketplace GOV of \$998.1 million – up 5% from \$953.7 million in Q2 2023

"In the second quarter, we also refinanced and up-sized our term loan and were able to reduce our interest rate while adding \$125 million of cash to our balance sheet. We will continue to evaluate opportunities to deploy our cash balance across share repurchases and strategic M&A."

- (1) Marketplace Gross Order Value ("Marketplace GOV") represents the total transactional amount of Marketplace segment orders placed on our platform in a period, inclusive of fees, exclusive of taxes and net of cancellations that occurred during that period. During the three and six months ended June 30, 2024, Marketplace GOV was negatively impacted by cancellations in the amount of \$21.2 million and \$39.4 million, respectively, compared to \$11.7 million and \$23.8 million during the three and six months ended June 30, 2023, respectively.
- (2) Total Marketplace orders represents the volume of Marketplace segment orders placed on our platform in a period, net of cancellations that occurred during that period. During the three and six months ended June 30, 2024, our Marketplace segment experienced 52,392 and 102,441 cancellations, respectively, compared to 29,351 and 49,831 cancellations during the three and six months ended June 30, 2023, respectively.
- (3) Total Resale orders represents the volume of Resale segment orders in a period, net of cancellations that occurred during that period. During the three and six months ended June 30, 2024, our Resale segment experienced 1,211 and 2,083 cancellations, respectively, compared to 827 and 1,512 cancellations during the three and six months ended June 30, 2023, respectively.
- (4) Adjusted EBITDA is a financial measure not defined under accounting principles generally accepted in the United States of America ("GAAP"). We believe Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our results of operations, as well as provides a useful measure for making period-to-period comparisons of our business performance. See the *Use of Non-GAAP Financial Measures* section below for more information and a reconciliation of Adjusted EBITDA to its most directly comparable GAAP measure.

### 2024 Financial Outlook

Vivid Seats now anticipates Marketplace GOV, Revenues and Adjusted EBITDA for the year ending December 31, 2024 to be:

- Marketplace GOV in the range of \$4.0 billion to \$4.3 billion (previously \$4.2 billion to \$4.5 billion)
- Revenues in the range of \$810.0 million to \$830.0 million (previously \$810.0 million to \$840.0 million)
- Adjusted EBITDA in the range of \$160.0 million to \$170.0 million\*

Additional detail around the 2024 outlook will be available on the second quarter 2024 earnings call.

\*We calculate forward-looking non-GAAP Adjusted EBITDA based on internal forecasts that omit certain information that would be included in forward-looking net income, the most directly comparable GAAP measure. We do not attempt to provide a reconciliation of forward-looking Adjusted EBITDA to forward-looking net income because the timing and/or probable significance of certain excluded items that have not yet occurred and are out of our

control is inherently uncertain and unavailable without unreasonable efforts. Such items could have a significant and unpredictable impact on our future GAAP financial results.

#### Use of Non-GAAP Financial Measures

We present Adjusted EBITDA, which is a non-GAAP financial measure, because it is a measure frequently used by analysts, investors and other interested parties to evaluate companies in our industry. Further, we believe this measure is helpful in highlighting trends in our operating results because it excludes the impact of items that are outside of our control or not reflective of ongoing performance related directly to the operation of our business.

Adjusted EBITDA is a key measure used by our management internally to make operating decisions, including those related to analyzing operating expenses, evaluating performance, and performing strategic planning and annual budgeting. Moreover, we believe Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our results of operations, as well as provides a useful measure for making period-to-period comparisons of our business performance and highlighting trends in our operating results.

Adjusted EBITDA is not based on any comprehensive set of accounting rules or principles and should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP. Adjusted EBITDA does not reflect all amounts associated with our operating results as determined in accordance with GAAP and may exclude recurring costs such as interest expense – net, equity-based compensation, litigation, settlements and related costs, change in fair value of warrants, change in fair value of derivative assets and foreign currency revaluation (gains)/losses. In addition, other companies may calculate Adjusted EBITDA differently than we do, thereby limiting its usefulness as a comparative tool. We compensate for these limitations by providing specific information regarding the GAAP amounts excluded from Adjusted EBITDA.

The following table provides a reconciliation of Adjusted EBITDA to its most directly comparable GAAP measure, net income (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,
