- (1) Marketplace Gross Order Value ("Marketplace GOV") represents the total transactional amount of Marketplace segment orders placed on our platform in a period, inclusive of fees, exclusive of taxes, and net of event cancellations that occurred during that period. During the three months ended March 31, 2023, Marketplace GOV was negatively impacted by event cancellations in the amount of \$12.1 million compared to \$34.8 million for the three months ended March 31, 2022.
- (2) Total Marketplace orders represents the volume of Marketplace segment orders placed on our platform during a period, net of event cancellations that occurred during that period. During the three months ended March 31, 2023, our Marketplace segment experienced 20,480 event cancellations compared to 91,400 event cancellations during the three months ended March 31, 2022.
- (3) Total Resale orders represents the volume of Resale segment orders in a period, net of event cancellations that occurred during that period. During the three months ended March 31, 2023, our Resale segment experienced 685 event cancellations compared to 2,559 event cancellations during the three months ended March 31, 2022.

- (4) Adjusted EBITDA is not a measure defined under accounting principles generally accepted in the United States of America ("GAAP"). We believe Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our results of operations, as well as provides a useful measure for period-to-period comparisons of our business performance. Refer to the *Adjusted EBITDA* section below for a reconciliation to its most directly comparable GAAP measure.

2023 Financial Outlook

Vivid Seats now anticipates Marketplace GOV, Revenues and Adjusted EBITDA for the year ending December 31, 2023 to be:

- Marketplace GOV in the range of \$3.15 billion to \$3.40 billion (increased from \$3.0 billion to \$3.3 billion)
- Revenues in the range of \$605.0 million to \$630.0 million (increased from \$580.0 million to \$610.0 million)
- Adjusted EBITDA in the range of \$115.0 million to \$130.0 million⁽⁵⁾ (increased from \$110.0 million to \$115.0 million)

Additional detail around the 2023 outlook will be available on the first quarter 2023 earnings call.

- (5) We calculate forward-looking non-GAAP Adjusted EBITDA based on internal forecasts that omit certain information that would be included in forward-looking GAAP net income (loss), the most directly comparable GAAP measure. We do not attempt to provide a reconciliation of forward-looking non-GAAP Adjusted EBITDA guidance to forward-looking GAAP net income (loss) because forecasting the timing or amount of items that have not yet occurred and are out of our control is inherently uncertain and unavailable without unreasonable efforts.

Use of Non-GAAP Financial Measures

We present Adjusted EBITDA, which is not a measure defined under GAAP, because it is a measure frequently used by analysts, investors, and other interested parties to evaluate companies in our industry. Further, we believe this measure is helpful in highlighting trends in our operating results, because it excludes the impact of items that are outside the control of management or not reflective of ongoing performance related directly to the operation of our business segments.

Adjusted EBITDA is a key measurement used by our management internally to make operating decisions, including those related to analyzing operating expenses, evaluating performance, and performing strategic planning and annual budgeting. Moreover, we believe Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our results of operations, as well as provides a useful measure for period-to-period comparisons of our business performance and highlighting trends in our operating results.

Adjusted EBITDA is not based on any comprehensive set of accounting rules or principles and should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP. Further limitations of Adjusted EBITDA are that it does not reflect all of the amounts associated with our operating results as determined in accordance with GAAP and may exclude costs that are recurring, such as interest expense, equity-based compensation, litigation, settlements and related costs and change in value of warrants. In addition, other companies may calculate Adjusted EBITDA differently than us, thereby limiting its usefulness as a comparative tool. We compensate for these limitations by providing specific information regarding the GAAP amounts excluded from Adjusted EBITDA.

The following is a reconciliation of Adjusted EBITDA to its most directly comparable GAAP measure, net income (in thousands):

- (1) We have historically incurred sales tax expense in jurisdictions where we expected to remit sales tax payments but were not yet collecting from customers. During the second half of 2021, we began collecting sales tax from customers in the required jurisdictions. The sales tax liability presented herein represents the tax liability for sales tax prior to the date we began collecting sales tax from customers reduced by abatements received, inclusive of any penalties and interest assessed by the jurisdictions. The remaining historic sales tax liability payments were made during the year ended December 31, 2022.
- (2) Transaction costs consist of legal; accounting; tax and other professional fees; personnel-related costs, which consist of retention bonuses; and integration costs. Transaction costs recognized in 2023 were primarily related to legal expenses and retention bonuses related to Betcha Sports, Inc. ("Betcha" rebranded as "Vivid Picks"). Transaction costs recognized in 2022 were related to the Merger Transaction, the acquisition of Betcha and the refinancing of the remaining June 2017 First Lien Loan with a new February 2022 First Lien Loan.
- (3) We incur equity-based compensation expenses for profits interests issued prior to the Merger Transaction and equity granted according to the 2021 Incentive Award Plan ("2021 Plan"), which we do not consider to be indicative of our core operating performance. The 2021 Plan was approved and adopted in order to facilitate the grant of equity incentive

awards to our employees and directors. The 2021 Plan became effective on October 18, 2021.

- (4) Losses incurred resulted from the extinguishment of the June 2017 First Lien Loan in February 2022.
- (5) These amounts relate to external legal costs, settlement costs and insurance recoveries, which were unrelated to our core business operations.
- (6) This relates to the revaluation of warrants to purchase common units of Hoya Intermediate ("Intermediate Units") held by Hoya Topco following the Merger Transaction.
- (7) This relates to the revaluation of Vivid Picks cash earnouts.
- (8) This relates to asset disposals, which are not considered indicative of our core operating performance.
